

MAKES REPORT ON MINISTERS

Presbyterian Church Assembly Discusses This Subject In Annual Report Today.

MUCH GOOD WORK IS ACCOMPLISHED

Just What Is Being Done By The Church In Its Dealings With Ministers Is Shown In The Session This Morning.

[BY ASSOCIATED PRESS.]
KANSAS CITY, Mo., May 22.—One of the most important committee reports presented by the Presbyterian general assembly today was that of the board of ministerial relief, which was presented through its secretary, Henry H. Sweet, of the executive committee. In its financial statement the committee says that it received from all sources for ministerial education, in the last year, \$21,930; for ministerial relief, \$31,151; and for the endowment fund of ministerial relief, \$14,206. The aggregate receipts were \$107,287.
Under the topic of "Ministerial Education" the report says that the death rate among the Assembly's ministers from 1891 to 1907 was 30 per cent, while an average of 11 were retired each year on account of sickness or old age. In 1907 there were 415 candidates, one in each 447 of the church membership. Since 1901 there has been a slow but steady increase in the number of candidates for the ministry. Last year the Presbyterian reported to the General Assembly 235, and in the full to the various synods, 353 candidates. Nine Presbyteries, with 255 churches and 18,260 members, reported no candidates under their care. The importance of providing additional ministers is pointed out by the committee report as follows:
"In our church are 1,050 organizations that have no one to lead them. Some of them are hard fields. Thoughtless ones might say they are unimportant. In some of these from three to six must be grouped together, and with the aid of home mission funds, they can offer a support to about 200 pastors."
"These churches are the most fruitful sources of ministerial supply. One-half of the candidates, 180 young men, now preparing themselves for this work, came from small churches where services were held only monthly or semi-monthly. John H. Mott has well said, 'These "forlorn hopes" must be held and transformed into towers of strength for Christianity.'"
"The manual adopted by the Assembly provides that any minister over seventy years of age, who is in need, and who has served the church for a period in the aggregate not less than thirty years, shall be entitled by such service to draw from the Committee of Ministerial Relief an annual sum for his support without the necessity of being annually recommended therefor by the Presbytery. We have on this roll of honor during this year, 25 ministers whose average age is 77 years, and who have rendered an average term of service of 47 years. Of this 25, three have died during the year.
"None of those whom we assist received more than \$100 last year."
During the last year \$31,151 was received from all sources for the Annual Fund of Ministerial Relief, an increase of \$5,964 over the preceding year. Under the caption of the Endowment Fund the report says that when it became known that Tuck T. Homan had promised to give \$100,000 to the Endowment Fund on condition that the whole church contribute \$125,000 in three years, contributions poured in. The conditions have been met and the last installment of Mr. Homan's gift, \$25,000, will be paid on January 1st, 1909.

WESTERN YALE MEN GATHERING IN OHIO

Associated Western Yale Clubs Meet at Cleveland For Annual Session.
[SPECIAL TO THE GAZETTE.]
Cleveland, O., May 22.—Honorific of the prowess of their college and attending this spirit with cheers and class yell, and by leaving a trail of blue flags in the center of the city, 600 graduates of Yale flocked here today for the annual meeting of the Associated Western Yale Clubs. From Pittsburg to Hongkong the alumni of the New Haven college thronged, making the gathering the largest and most representative in the history of the association.
The convention opened with a business session at the Hollenden this morning. In addition to the regular business there was a discussion as to how far control of the faculty should extend beyond the classroom to the social, athletic and general moral life of the student. Following the business meeting the delegates were taken to the Country club for luncheon. Scheduled speakers for the convention tonight include: President Under of Yale, Franklin MacVough of Chicago, Prof. E. S. Morse of Harvard and Walter Camp, the noted Yale athletic expert.

COLLEGES ENTERED IN ANNUAL REGATTA

First Race in the American Henley Rowed Today on Schuylkill River.
[SPECIAL TO THE GAZETTE.]
Philadelphia, Pa., May 22.—When the first race in the annual regatta of the American Rowing Association, popularly known as the American Henley, was begun this morning over the national course on the Schuylkill river a large crowd of rowing enthusiasts lined the banks and occupied every place of vantage on the cliffs and at the finish line.
The entry list was a record-breaker, especially in the matter of college crews. Among the big institutions represented in one or more of the events are Yale, Harvard, Georgetown, Pennsylvania and New York University.
Every indication pointed to the contests being the finest of the year in this country. Without question, the schedule contains the names of the best rowing talent in this country, and it is certain that the regatta will be the most successful ever held by the American Rowing Association. It is the first big regatta of the year, and this fact explains the large number of entries and the enthusiasm being manifested. All the races today are for one mile and 550 yards straightaway.
The list of events is practically the same as a year ago, consisting of the following twelve events:
First pair-oared shells.
First eight-oared shells for the Stewards' cup.
Second single sculls.
Second four-oared shells.
Second eight-oared shells for the New England cup.
Octopods, or eight-oared sculls.
Intercollegiate eight-oared shells for the Franklin cup.
First double sculls for the Schuylkill cup.
First single sculls.
First single sculls for the Farragut cup.
First four-oared shells for the Purkin cup.
Junior collegiate eight-oared shells.

GIANT MORRELL AIRSHIP BURST WHILE 200 FEET IN AIR AT BERKELEY, CAL.

[BY ASSOCIATED PRESS.]
OAKLAND, Cal., May 22.—The Giant Morrell airship which made an ascent at Berkeley today, burst while about 200 feet in the air and the occupants of sixteen cars, numbering in all about 20, were dashed to the ground.
Some were killed but all were seriously injured and several, it is believed, will probably die.
The ascent was made in the presence of many thousands of spectators and many women fainted when the accident occurred.
The ship was of the gasbag type. It was 100 feet long and the largest ever built.

CONSIDER ABANDONMENT OF THE OLD TAMMANY HALL

New York Democrats May Move Headquarters To Site Further Up-Town.

[SPECIAL TO THE GAZETTE.]
New York, May 22.—When the board of Sachems of Tammany hall meets next Monday it will take up the question of moving the headquarters of the most famous and powerful political organization in the world from the historic building in Fourteenth street to a site further uptown. It is not contemplated to make the move in the immediate future, but Tammany must keep abreast of the times in this bustling, busy city and though the leaders almost shudder at the mere suggestion of moving the old "society" it is a change that must eventually come. When it is decided upon it is certain that a site somewhere above Columbus Circle will be chosen. Tammany as an organization is more than 100 years old and the big red brick building in East Forty-ninth street, adjoining the historic Academy of Music, is virtually the only real home it has ever known. Within its walls "Boss" Tweed, "Honest John" Kelly, Richard Croker and Charles F. Murphy have held sway. In the council rooms where the Sachems have been wont to meet plans have been laid to control the destiny and administer the affairs of the greatest commercial city in the United States. Here political plots have been hatched that have made and unmade presidents, senators, congressmen, governors, mayors and aldermen. Here has been dispersed revenue far greater than those of the Greek republics, which make such a figure in recent history, and rivaling those of Rome itself.
The history of this powerful organization which is now seeking a new home goes back to the early days of the republic. A short time after the inauguration of Washington as first president of the United States, several patriots met in New York to consider public affairs. They found much cause for uneasiness. Indian tribes were doing much damage by raids in rural parts, an aristocratic "league," the society of the Cincinnati, was attempting to perpetrate hereditary divisions among the citizens of the young republic, and it seemed possible that the results for which so many had fought and died might dwindle down to worthless minimum. To prevent this it was proposed that a new society be formed, "to connect in indissoluble bonds of friendship American brethren of known attachment to the political rights of human nature and the liberties of the country." The society was to be non-partisan, benevolent, patriotic and anti-aristocratic. The idea was received with enthusiasm and it was decided in order to consolidate the American Indian chiefs, and to prove the friendship of whites for them, the league should be formed on an Indian basis. Tammany, the most famous of all red men, whose courage and sagacity had been the theme of tales round every campfire, was chosen as the patron of the society, which was called after him.
For some years the society confined itself to its chosen work. It organized feasts on Independence day; it provided a suitable resting place for the neglected bones of some soldiers who had died in the war; it provided a museum for the purpose of collecting and preserving everything relating to the history of the republic.
Early in the last century, the non-partisan character of the society was abandoned, and it became openly democratic. It soon acquired considerable influence in national politics, and once practically decided the presidency of the United States. It threw itself into the local politics of the city, and it gradually developed its organization, slowly by steadily changing its principles, until in the middle of the last century many were the daily references by its rivals to the corruptions of its leaders.
In recent years it has controlled more wealth and patronage than dozens of kings, or scores of modern states. Yet its constitution is simply that of a pocketbook, and the old building in Fourteenth street that it calls its home is as plain as a penitentiary. While one of the elements of strength of Tammany has been its nominal party regularity and ostentatious adherence to alleged partisan principles, it is nevertheless true that the great mass of its membership know little, and care less, about national questions that are designated as campaign issues. But the real secret of the strength and vitality of Tammany hall lies in the fact that it is essentially a close corporation, held together by an adjusted community of selfish interests.

FLEET IS AWAITED BY SEATTLE TODAY

Atlantic Fleet Expected to Arrive in Elliot Bay This Afternoon.
[SPECIAL TO THE GAZETTE.]
Seattle, Wash., May 22.—Today the Atlantic battleship fleet enters upon the second period of its Pacific coast welcome, a demonstration that promises to rival that of the California fleet in the liberal hospitality and unbroken entertainment of the officers and men. The stay of the fleet in Seattle is intended to be the greatest celebration in the history of the city and the citizens have for weeks been busily engaged in planning the details of the reception.
The battleships are due to arrive in Elliot Bay late this afternoon. All business will be suspended and the streets and docks will see thousands of people assembled to witness the great fighting machines swing into the bay, accompanied by the sound of bells, which will number over 100 steamers and several hundred launches. Orders have been given by the mayor to have the throttle of every locomotive and factory on the waterfront tied down for thirty minutes.
When the vessels are anchored Mayor Miller and the reception committee of the Chamber of Commerce will visit the flagship and extend the welcome of the city to the visitors. A great golden key containing \$250 worth of virgin gold from Alaska will be presented to Admiral Sperry to signify that the freedom of the city is offered the men and officers. Tonight a great reception is to be given the officers in the New Washington hotel. Tomorrow there will be automobile rides and a variety of other entertainment for both the officers and the enlisted men.

BITS OF HUMOR

A DIFFERENT HAIR.
She—1 wonder what young De Vore means when he speaks of his ancestral hair?
He—(He probably means his ancestral hair). His father used to be a van driver.

NOT A WORD.
She—There's one thing I admire about the Rev. Mr. Holdforth, he always says what he means.
He—Oh, no, he doesn't! When he preaches the ball he generally just grins his teeth.

IMPUDENCE.
Trump—Can I see the lady of the house?
Maid—No, she's engaged.
Trump—That don't make any difference. I don't want to marry her.

DISAPPOINTED.
"Her marriage was a great disappointment to her friends."
"Indeed?"
"Oh, yes. They all predicted it would turn out unhappily, and it didn't."

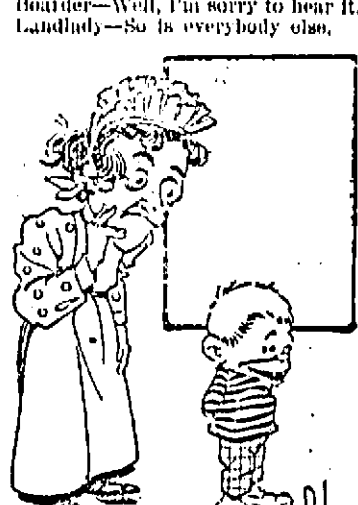

HAD SEEN HER.
"What do you think of Dashiway's marriage to that rich Ballou girl?"
"I think he earned the money."

POOR MAN.
Landlady—You make an awful noise with that flute.
Boarder—Well, I'm sorry to hear it.
Landlady—So is everybody else.

UNFORTUNATE.
"Why, Willie, what are you crying about?"
"Cause I don't get no Saturday holiday from school like the other children does. Boo-hoo!"
"But why don't you get out of school on Saturday?"
"Cause I ain't old enough to go to school yet. Boo-hoo-hoo!"

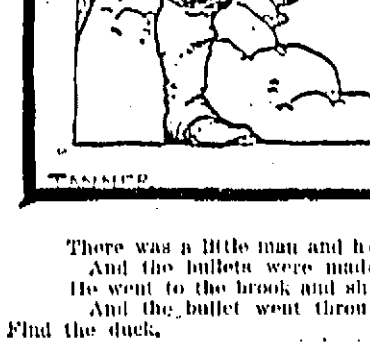

SO ANNOYING.
Nurse—Johnny, stop asking your father so many questions. Don't you see it annoys him?
Johnny—Why, nurse, it's not the questions that make him angry; it's because he can't answer them.

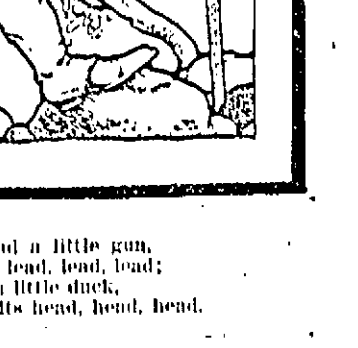

There was a little man and he had a little gun, and the bullets were made of lead, lead, lead; He went to the brook and shot at a little duck, and the bullet went through his head, head, head. Find the duck.

Electric Cooking.

Electric cooking may be the rule in the modern kitchen should the experiments now being made prove of practical value. A new type of electric furnace has been invented and so improved that it can now be used for cooking. The heat can be regulated to within less than one degree and maintained indefinitely.

Reverence.

In reverence is the chief joy and power of life. Reverence for what is pure and bright in your own youth; for what is true and tried in the age of others; for all that is gracious among the living, great among the dead, and marvelous in the powers that cannot die.—Carlyle.

A GOOD BUSINESS FOR WOMEN

Would a business of your own interest you? One which is pleasant and profitable? One in which you can establish such a business in your city? I have started many women in the business of Dermatology, Electrolysis, Facial and Body Treatments, Manicuring and Hairdressing or secured positions for them at good salaries. If you are dissatisfied with what you are now doing and want to make more money, write for free book, "A New Career in Self-Supporting Womanhood." BEAUTIFUL WOMEN

RELY UPON
Newbro's Herpicide

Pilar Morin, the strikingly beautiful Parisian actress, of whom America's leading theatrical manager says: "I consider her the greatest actress in her line in all the world," writes as follows:

"Newbro's Herpicide is the most delightful hair dressing that has ever come to my notice. It prevents the hair from falling out, does away with dandruff and gives the hair a beautiful luster.
Cordially yours,
(Signed) PILAR MORIN."

The fact that leading Parisian women prefer Newbro's Herpicide is certainly conclusive evidence of its superiority.

Beautiful, glossy hair, full of snap and life, is just as essential to a beautiful face as is the frame around a beautiful picture. Nature does not permit every woman to have a great or unusual abundance of hair, but every woman who has reasonably good health may have beautiful hair if she will give it some care and attention. First of all she must constantly strive to keep it free from the invisible, vegetable growth (the dandruff germ) that causes dull, brittle and lusterless hair with, later, dandruff, itching scalp and falling hair.

Herpicide contains no grease. It will not stain or dye. Stops itching of scalp.

Guaranteed under the Food and Drugs Act, June 30, 1906. Serial No. 915.

Send 10c in stamps to Herpicide Co., Dept. L., Detroit, Mich., for Samples.

Two Sizes, 50c and \$1.00 at Drug Stores—Insist upon Herpicide.

See Window Display at J. P. Baker, Special Agent.

APPLICATIONS AT PROMINENT BARBER SHOPS.

The only rational remedy for this purpose is Newbro's Herpicide, the original remedy that "kills the dandruff germ." In addition to its germ destroying power, it is the most exquisite hair dressing in the world, for no other substance tends to beautify the hair as does Herpicide.
A TRUE BEAUTY TEST FOR WOMEN. Just begin the intelligent use of Herpicide in secret, and see how quickly your friends will notice the improvement in your hair.

DENTISTRY

Crown and bridge work. Where a few teeth remain in the mouth, I can replace the missing ones with a gold bridge that will fit perfectly, cause no discomfort and be as satisfactory as the natural teeth. This specialty in dentistry has been brought to perfection at this office, and when properly done will last for years. I use pure 22k gold, which is a guarantee your work will be the best.

Gold Crowns, \$5 a tooth.

Not \$10, as is charged elsewhere in this city for exactly the same work. Call and consult me and get estimates of cost of your work. I extract teeth painlessly, free when plates are ordered.

This is another feature that counts. Others in this city charge from \$3 to \$5 extra for extracting your teeth.

APPLETON CASE LIKE CLAYTON MYSTERY

Circumstances of Death of Mrs. Shaw Resemble Those of Janesville Mystery.

Appleton, Wis., May 22.—"I am more firmly convinced than ever that Mrs. Shaw was murdered but the new developments in the case I will not be able to give out until next Monday when the inquest will be held at Hortonville," said District Attorney Rooney this morning. The sheriff said this morning that the district attorney had a card up his sleeve that will surprise every one at the inquest, and it is believed that some one whose name has not thus far been connected with the mystery will be brought in the case. The finding of but the absence of water in the stomach as was revealed in yesterday's post mortem examination was declared by the authorities as positive proof that the handsome young widow was unconscious when the body was thrown in the mill pond, but when Chase, Abraham who is in jail here, or some other person is guilty of this deed will not be determined until next Monday.

ATTEMPTED TO TAKE HER LIFE

MRS. WILLIAM PARKS TRIED TO END TROUBLES.

HAD A VERY CLOSE CALL

Placed Cloth Saturated With Chloroform Over Her Face.

Driven to desperation by domestic troubles, Mrs. William Parks tried to end her life this morning by means of chloroform. She was discovered in time however and Dr. Gibson was summoned. He succeeded in reviving her but she had a close call. Mrs. Parks, who formerly was employed in the Parket nickel theatre, parted from her husband, who works for Hutchinson & Sons, about three weeks ago. About a week ago she moved to 157½ North Third street, where she rented part of the house. The remainder of the house, which belongs to J. Harrell, has been vacant until today when Mr. and Mrs. Louis Heller moved in.

She had been very broken up over her domestic troubles of late and had recently told some friends that she was going to pretend to commit suicide in order to see if her husband would not come around and see her. Last night she came down town to purchase the chloroform but a friend was with her and she had no opportunity to do so. This morning she came down alone and purchased three ounces of chloroform and returned home. Saturating a rag with the poison she lay down on the bed and placed it over her face. About ten o'clock a smooth faced young man knocked at the door of the south half of the house and informed Mrs. Heller that the woman next door had taken chloroform. He said he had taken the cloth from her face and that she had revived and replaced them again. The man wanted Mrs. Heller to go in and watch the woman while he went for help. He then went down the street and Mrs. Heller stopped a passerby, who telephoned for the police. The man, who was a stranger to Mrs. Heller, did not return. As soon as Officer Chapman arrived upon the scene he called a doctor, who at once set about reviving her.

Upon regaining consciousness Mrs. Parks expressed her sorrow for her act but said she was driven to do it by her domestic troubles.

ALL URGED TO HELP BY THEIR DONATIONS

Good Work Done by Associated Charities—Need Children's Clothing.

It is surprising the work done and relief given by the Associated Charities, the past season, with the small amount of funds in their hands. Every penny has been made to count, and the ladies have certainly earned the name of being nifty. We understand that the funds are now exhausted, and there is still calls for help. Two cases were brought to our notice, one where some groceries were needed badly, four little ones hungry and nothing to give them. A few donations of cash, even amounts, would be a great help.

Another case only wants a little express wagon for the children to carry home washing. Clothing, particularly for children is needed badly. These wants may seem small to the general public, but they mean a good deal to those interested, and the ladies would appreciate donations of cash, clothing and a little wagon or cart.

The ladies have a large store room at Holmstreet's drug store and will take care of all donations sent there at anytime.

There are many families in the city who could each give a little and help someone.

LOCAL PARAGRAPHS.

Punished for Drunkenness: Martin Heubrand of Dane county, who made a mistake in trains and landed in Janesville instead of Stoughton, last evening and when arrested in an intoxicated condition by Officer Morrissey had four pint bottles of "hulk" on his person, paid a fine and costs of \$3.10 in municipal court this morning. Dan Brenton, who was in a condition closely bordering on the delirious tremens, could not pay that amount and went to jail for five days. John Condon, of Milwaukee, was fined but suspended to permit him to get out of the city.

BASE BALL PLAYERS HOPING FOR VICTORY

Janesville Red Sox Paid Footville a Visit This Afternoon—Trolley League Team Plays Harvard Sunday.

Baseball players of the different local teams are on edge for the games of this afternoon and tomorrow. The Red Sox are playing the Footville nine at Footville this afternoon and tomorrow go to Oregon to meet the Dane County boys. NEW SERIAL BEGINS IN A FEW DAYS NOW

Those who remember "The Prisoner of Zenda" and "Rupert of Hentzau"—and who has forgotten them?—will await with pleasant anticipations the first installment on Monday next of "Sophy of Kravonia," the Gazette's new serial by Anthony Hope. It is a story thrilling with action and replete with characters and situations that fascinate and thrill. No one who journeys with Hope ever to the outskirts of this turbulent little kingdom will miss his chance to do his bit to the daring heroism of the story. And having done this, it goes without further saying that he will follow her fortunes with breathless interest to the end.

AUTOMOBILES HAVE BEGUN SUMMER TOURS TO THIS CITY

Four Parties Have Been Registered at the Hotel Myers, Since Last Evening.

With the recent spell of fair weather which dried up the country roads, the summer flights of the automobiles have commenced in earnest. Since last evening four parties have been registered at the hotel Myers, Horace and M. D. Stocking, of Lindenwood, Ill., and William L. Ayers and D. M. Southworth, of Wheatland, Wyoming, arrived here last evening and left this morning for Madison and Milwaukee. J. H. Guntman and Miss Jessie Arnold of Harvard were also here yesterday. Mr. and Mrs. Tolson, who left here from Madison today, in a Buick, made the trip from the 1st. National bank of Beloit to the Hawley City bank of Janesville in exactly 20 minutes. George H. Clarke and E. D. Clarke of Evansville, arrived here this noon from Chicago, with a new Ford machine, which they purchased there.

SPECIAL FEATURES FOR CONVENTION

GAZETTE WILL RECEIVE REPORT OF NATIONAL REPUBLICAN GATHERING FROM

WILLIAM ALLEN WHITE

Man Who Is One of the Foremost Writers of America in the Newspaper World Will Give Ten Pen Pictures of Happenings in Chicago.

Down in Chicago next month a candidate for president and vice president and a platform are to be decided upon by the republicans of the United States. While Secretary Taft appears now to have the majority of the delegates pledged to his support there are many interesting phases of a national convention of any political party, particularly of the republican. In order that the Gazette readers may have the best service possible and may be in closest touch with the great gathering of the brainy men of the country, an arrangement has been made with William Allen White to send a daily report of the convention. It will not be the cut-and-dried report that will be furnished by the Associated Press of which the Gazette is a member, but will be the human interest glimpses of the great gathering written by a man who knows how to write them. Everyone knows who William Allen White is. If for nothing else he is the man who made himself and Kansas famous by his editorial of "What's the Matter With Kansas?" Collier's says that he is one of the most refreshing, wholesome and attractive media of expression now at large in the United States. These daily reports will be original, resourceful, breezy, sound and full of human blood color. Nothing cut and dried about them. No routine gossip, something entirely new and unique in the newspaper parlance. His stories will be read with interest and the Gazette is fortunate to be able to present them to their readers for their enjoyment. The Associated Press will give the Gazette the routine of the convention and during the entire convention week in Mr. White's report the Gazette offers what few papers in a town the size of Janesville at night, a report by a man of national prominence, written expressly for this paper.

Forty little ladies assisted Miss Helen Hunk in the celebration of her tenth birthday anniversary at the home of her parents on East street yesterday afternoon. The hostess and all her guests were gowning in white and the scene at the party where the games were played and at the feast board where the dainty refreshments were served was an unusually attractive one.

BIDS TO BE OPENED ON SECOND OF JULY

Contractors are Now Figuring on New Music Building for Blind Institute.

On July second, next, the bids for the new ten thousand dollar music building for the State Institute for the Blind, will be opened in Madison. The plans and specifications for the building, which have been drawn by Howland Russell, of Milwaukee, are now on file at Mr. Russell's office in Milwaukee, in the rooms of the Board of Control in Madison and at the Blind institute here.

The legislature of 1907, passed a bill providing for the incorporation for this building and the contract will be let and active construction work begun, some time this summer, or early fall. The site chosen for the building is just east of the main building.

SOCIETY

Mrs. R. C. Denison gave a talk on the Holy Grail paintings by Abbey in the Boston public library, using for purposes of illustration a set of Copy prints sent from Chicago by Seymour J. Thuermer, at the closing session of the Janesville Art League yesterday afternoon. Reports of the First District convention of women's clubs, recently held at Racine, were also read. The meeting was held at the home of Mrs. Augusta Prehler, 215 South Main street.

JURY TERM IS TO END NEXT MONDAY

Witnesses in the Boelke vs. Lane Case Examined up to Noon Today—Mrs. Hallett Gets Divorce—Sheriff's Gift of Flowers.

Veterinary surgeons G. D. Little and H. L. Brown were among the witnesses who testified in the Fred Boelke vs. Wilson Lane case in circuit court this morning and there was much discussion of the conformity of the back joint, the peritoneum, and so forth, of the horse that is alleged to have been injured after being frightened by the defendant's automobile. The incident on which the case is founded occurred on the Magnolia road in front of the Green residence. Each side claims that the other violated the ordinary conventions of the highway, the plaintiff maintaining that Mr. Lane ran by him in an unwarranted manner and the defendant contending that Boelke willfully blocked the highway and forced him so far into the gutter that the machine grazed a post supporting a mid-box on the other side. It is the last case on the jury calendar and the most hardy contested of all that have been tried.

The twelve jurors—J. O. Rowe, J. O. Rowe, J. H. Burton, A. T. Saberson, J. L. Kelley, W. H. Gray, James Chapman, C. N. Van Kirk, E. M. Calkins, Frank Morlet, Robert Finster, O. H. Florida, and Robert Pencock—were excused at noon until 1:30 p. m. on Monday. All of the others on the panel were discharged at the time the trial began.

Judge Grimm, the attorneys and principals in the case, the court reporter, the clerk of court, and all of the other officials in the building were beautiful carnations this morning, gifts from Sheriff L. U. Plaker. The donor of the flowers says that he labored under the hallucination that this was to be the last day of court.

On the grounds of non-support, the court has granted to Mrs. Mildred Hallett of the town of Fulton, a decree of divorce from Wallace W. Hallett. The former is given the custody of the younger son and the older one will live with the father.
